LINK UP WITH CATALONIA, YOUR LIFE SCIENCES HUB IN SOUTHERN EUROPE

Come and celebrate St George Day with our delegation!
Tuesday, April 23 at 5 pm

MEET US AT BOOTH 1417

Barcelona is the epicenter of the most dynamic bioregion in southern Europe, Catalonia. Right now, the BioRegion of Catalonia has 300 biotech, pharma and medtech companies, 50 research institutes, 10 universities offering life sciences degrees, 15 hospitals with noteworthy research activity, 20 scientific and technology parks and large-scale scientific facilities like the Alba-Cells synchrotron and the Mare Nostrum supercomputer. Oncology and nanotechnology stand out as R&D strengths in Catalan life science sector.

Biocat is the organization that coordinates, dynamizes and promotes biotechnology, biomedicine and medical technology sector in Catalonia.
