

**Josep Carreras Leukaemia Research Institute (JCI)** endorses the Requirements and Principles of the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies. On 9 July, 2019, JCI was awarded the "HR Excellence in Research" logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the Charter & Code. The Institute works to ensure fair and transparent recruitment and appraisal procedure

## HEAD OF THE PROTEOMICS CORE FACILITY JOSEP CARRERAS LEUKAEMIA RESEARCH INSTITUTE CARRERAS (2019/147)

The Josep Carreras Leukaemia Research Institute is dedicated to promoting, developing, transferring, managing and disseminating research, scientific and technological knowledge, teaching and training in the field of hematologic biomedicine of excellence, in special regarding leukaemia and other malignant hemopathies; you need to incorporate: **HEAD OF THE PROTEOMICS CORE FACILITY**

### 1.- REQUIREMENTS:

---

- a) PhD in a field relevant to proteomics and mass spectrometry.
- b) Strong background in the latest techniques of proteomics and mass spectrometry-based analysis of protein, including targeted quantitative methods as well as different chemical labelling approaches such as SILAC and isobaric techniques.
- c) Interest to continuously develop and improve analytical methods in proteomics according to the project demands.
- d) Good knowledge of the operation and maintenance of the latest State of the art Mass Spectrometry and UPLC Systems.
- e) Good understanding of proteomics-related statistical methods and their application to large datasets and ability to utilize generic and delicate software packages for the analysis of Ms results.
- f) Proven organizational analytical and leadership skills with the ability to lead a team of approximately 4-5 members.
- g) Excellent ability to communicate with customers, team members and senior management of research institutions. Very good communication in English is a must..

**Josep Carreras Leukaemia Research Institute (JCI)** endorses the Requirements and Principles of the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies. On 9 July, 2019, JCI was awarded the "HR Excellence in Research" logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the Charter & Code. The Institute works to ensure fair and transparent recruitment and appraisal procedure

## 2. MAIN RESPONSIBILITIES:

---

- a) You will be part of core facilities that shape and implement Large Molecule Research strategy in the Josep Carreras Leukaemia research institute.
- b) You will be responsible for the strategic and personal management of the unit's mass spectrometry department and delivery of results to project teams.
- c) In this context, your department develops suitable methods for therapeutic protein characterization.
- d) You will move forward the digital transformation of analytical workflows including high throughput data analysis.
- e) You will ensure optimal project workflows, also with regard to their prioritization, planning and controlling of costs and investment budget.
- f) You will initiate external collaborations while exploring technological development.

## 3.- WE OFFER:

---

- a) A dynamic and International work environment in a multidisciplinary research institution.
- b) Leadership of a dynamic and diverse team of high-skilled specialists.
- c) Competitive salary according to Josep Carreras Leukaemia research institution retribution policies

## 4. FOR MORE INFORMATION:

**Josep Carreras Leukaemia Research Institute (IJC)** endorses the Requirements and Principles of the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies. On 9 July, 2019, IJC was awarded the "HR Excellence in Research" logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the Charter & Code. The Institute works to ensure fair and transparent recruitment and appraisal procedure

## 5. HOW TO APPLY:

---

Interested applicants should send their CV and a motivation letter to: [rrhh@carrerasresearch.org](mailto:rrhh@carrerasresearch.org)

**PLEASE PUT THE REFERENCE in the subject of the mail or your application may not reach the right person.**

**Deadline for applications: 2019, Setember 20.**

### Josep Carreras Leukaemia Research Institute (IJC)

The mission of the IJC is to carry out research into the basic, epidemiological, preventive, clinical and translational aspects of leukemia and other hematologic malignancies.

The laboratories of the institute are on three campuses: the ICO-Germans Trias Campus on the Can Ruti Campus in Badalona; the Clinic-UB Campus in the University of Barcelona Faculty of Medicine on the Hospital Clinic campus in Barcelona and in the future on the Sant Pau Hospital Campus in Barcelona.

The legal address of the IJC is Muntaner 383, 3rd 2nd / 08021 Barcelona but CHECK which campus this job is located on.
