

## ANALYST POSITION

Inveniam is a technology transfer and strategy advisory firm, with a market-leading competence in technology-based transactions in segments as Life Sciences and Resources' Sustainability. Our head office is located in Barcelona. Either serving the buy or the sell-side, Inveniam accompanies its clients throughout the technology deal life cycle through a wide array of services, from opportunity scouting and assessment all the way to commercialization, deal structuring and closing.

We are currently offering an internship position as ANALYST in our exciting and fast-growing company. The Analyst will support the firm in:

- Technical and economic analysis of technologies;
- Economic and financial analysis of companies and start-ups;
- Technology trend scouting and insight reporting;
- Transaction documents (economic models, valuation, presentations, teasers, memos, pitch decks);
- *Ad-hoc* assignments within consulting projects (as needed).

The ideal candidate should have:

- Proactive mind-set and enthusiasm;
- Good communication and relationship skills;
- Attention to detail;
- Science-savvy, ideally with a biotech background;
- A talent in designing good presentations;
- Own drive to bring up suggestions and drive change;
- Fluent in Spanish and English is a must;
- Smile a lot!
- Interest in joining a fast-growing company with great people and fun!

Interested candidates please contact us on: [admin@inveniam-group.com](mailto:admin@inveniam-group.com)

Looking forward to hearing from you!
