

IBEC (Institute for Bioengineering of Catalonia) is an interdisciplinary research center focused on Bioengineering and Nanomedicine and one of the Severo Ochoa Excellence Centers. IBEC's **mission** is to develop international high quality interdisciplinary research that, while creating knowledge, contributes to making a better quality of life, improving health and creating wealth. A close link with key universities, reference hospitals and corporations, are assets that facilitate achieving the mission.

IBEC was founded in 2005 by the Generalitat de Catalunya, the University of Barcelona (UB) and the Polytechnic University of Catalonia (UPC).

IBEC is located within the **Barcelona Science Park**, with premises of 2.500 square meters, 22 research groups and a team of researchers and support services of 250 people from 20 different countries. www.ibeccatalonia.eu

PROJECT MANAGER IN RESEARCH (Ref. PM-JA)

The **Institute for Bioengineering of Catalonia (IBEC)**, a cutting-edge research center based in Barcelona, is looking for a **Project Manager in Research**. His/her role will be to oversee and manage the research projects of several research lines, liaising with other sites and institutions across Spain and Europe.

This position is supported by the Spanish Ministry of Economy and Competitiveness within the Severo Ochoa Centres of Excellence Initiative 2015-2019.

Main tasks and responsibilities:

- Funding: Identify new project opportunities for the research lines assigned.
- Project formulation: Support in the definition of project goals, advising on project partners, preparation of budget, support on proposal writing and submission.
- Project management: Liaising between project and funders; coordination between sites within international projects; coordinating and overseeing project reporting; keeping track of project agendas and deadlines.
- Financial management of the research lines: Maximizing the outcome of the research lines within the available budget.
- Liaising between research group leaders and other IBEC support areas (HR, Funding Services, Finance, TechTransfer and Communication) for the daily running of the research lines.
- Promotion of the interaction of research groups within IBEC to increase interdisciplinary.

Requirements for candidates:

- PhD in engineering, physics or experimental sciences.
- Minimum one year experience in research project management, in particular regarding Framework Programme projects (FP7, H2020) and other EU & international funding schemes.
- Full command of Spanish and English. Catalan is a plus.
- Capacity to work with people from different backgrounds and expertises.
- Good communication abilities.
- Team work, initiative and organization.

We Offer:

- Full time contract.
- Stimulating, interdisciplinary research and high quality international scientific environment.
- Salary will be determined upon experience and scientific background.

HR EXCELLENCE IN RESEARCH

IBEC is committed to the principles of the Code of Conduct for the Recruitment of Researchers of the European Commission. Thus, there are no restrictions of citizenship or gender and candidates with disabilities are strongly encouraged to apply.

Interested applicants should send their CV, cover letter and references to: jobs@ibeccatalonia.eu, before 28/02/2018 (Reference: PM-JA).
