

CEBIOTEX S.L.

Job Offer: Clinical Trial Manager

CEBIOTEX S.L. (<https://www.cebiotex.com>), is an innovative, clinical stage, biotechnology start-up, spin-off from the Universitat Politècnica de Catalunya (UPC) and the Hospital Sant Joan de Déu de Barcelona (HSJD). CEBOTEX's objective is to offer innovative and effective biomedical solutions that help surgeons improve their surgical operations bringing them closer to excellence, and enhancing the life and treatment of cancer patient, addressing unmet oncological and surgical needs with the leading candidate CEB-01, aiming to be included in the 'Standard of Care' for oncological surgery.

“We are concerned about cancer in general, and we concern ourselves with childhood cancer.”

CEBIOTEX S.L. is looking for a Clinical Trial Manager to be immediately incorporated to the Clinical Drug Development area.

Area of responsibility

- To lead all relevant clinical trials' documents including but not limited to the protocol, informed consent form, general and program-specific guidelines, as well as to monitor pre-selected and selected sites, as required.
- Supports the Chief Medical Officer in planning, management, and reporting of clinical trials.
- To participate and provide input to the regulatory documents, and their submission to Ethics Committees and Regulatory Authorities.
- To collaborate with external providers (i.e., CROs, regulatory advisors) in planning and execution of clinical trials.
- To collaborate in the organization and participation in Investigator meetings.

Experience and requirements.

- Minimum of 2 years relevant experience in clinical development with understanding of the drug development process.
- University or equivalent education/degree in healthcare or life sciences (ideally medicine, but also biology, pharmacy, biomedical sciences or pharmacology).
- Familiar with most updated guidelines, including but not limited to ICHs, GCPs, from at least EMA and FDA.
- Experience in drug and/or devices clinical development programs.
- Fluent in English.
- Ability and willingness to travel internationally.

Work Location (Hybrid)

Tech Barcelona – Pier 07, Via Laietana, 26, 08003, Barcelona

Functional Area: Clinical Drug Development
