

**OPEN POSITION
POSTDOCTORAL RESEARCHER
REF. FIMIM 2487-BIGAS**

THE INSTITUTE

The IMIM is the research institute of Hospital del Mar (BARCELONA) and part of the Barcelona Biomedical Research Park (PRBB). This is an exceptional environment in which to carry out translational research, with cutting-edge technological platforms available (cytometry, animal facility, microscopy, etc.) as well a close relationship with Hospital del Mar. Access to patients and samples makes it possible to directly apply the most relevant scientific advances.

POSITION

This position is part of the Research Programme for recruiting young jobseekers who wish to become involved in research and innovation initiatives, within the framework of the Recovery, Transformation and Resilience Plan, for the year 2022 (DOGC no. 8598-3 /2/2022).

OFFER

- **Postdoctoral position** in the Stem cells and cancer research group, led by Dr. Anna Bigas. The Stem cells and cancer research group investigates how to create and renew the stem cells that maintain the tissues under physiological conditions. These processes have great similarities with those used by the tumours for their perpetuation. Our studies focus on the hematopoietic system and in the process of leukaemia.
- **24 months** employment contract.
- Remuneration of **24,300€ gross salary per year**.
- **Flexibility measures**, contemplated in the IMIM Foundation labour regulation, will be assessed with the person in charge.

CANDIDATE REQUIREMENTS

- ✓ We are seeking for motivated and dynamic postdoctoral candidates with a PhD in any speciality related to Biomedical science who have a good scientific productivity as proven by at least one peer-reviewed (or in bioRxiv) scientific publication.
- ✓ We are specially interest in candidates that want to pursue a career in Biomedical research.
- ✓ Additional preferred requirements include:

- Laboratory experience in cellular and molecular biology.
 - Experience in flow cytometry.
 - Experience with mouse models.
 - Experience in basic bioinformatics.
 - Excellent interpersonal skills and the ability to work with others as a team player.
 - Good oral and written communication skills.
- ✓ At the time of hiring, the candidate will have to prove that they are under 30 years of age.
 - ✓ At the time of hiring, the candidate must be unemployed and will have to be registered as a job seeker in the Servei Català d'Ocupació de Catalunya (SOC).

THE PROJECT

The researcher will participate in a collaborative project studying the mechanisms of relapse in T-cell acute lymphoblastic leukemia.

PRESENTATION OF CANDIDATES

Anyone interested in this offer must present a **cover letter** and **blind CV**, which should contain only information related to the candidate's academic, educational and employment data, as well as contact information.
