

Job offer: iD-202012 iOS Developer

Genomcore/Made of Genes is a company founded in 2015 with the objective to allow the effective implementation of precision medicine in healthcare. We developed a unique B2B technological framework designed to manage large volumes of personal, health-related, highly sensitive biomedical and health data aimed to diagnosis laboratories and healthcare providers. We also feature a packetized B2C/B2B2C personalized healthcare solution that combines genomic and metabolic analysis in a single test.

Our innovative solutions are recognized worldwide through different international awards, such as MIT Technology Review Innovators Under 35, Dubai Future Accelerators or Seal of Excellence of the European Commission. If you want to join a unique fast-growing, high-potential, trend-making company, this is your chance.

We are looking for a talented **iOS Developer** to design, build, and maintain the next generation of iOS applications.

Duties

- Designing and building mobile applications for Apple's iOS platform.
- Ensuring quality and performance of application to specifications.
- Identifying potential problems and resolving application bottlenecks.
- Implementing Unit Tests but also UI and Integration Tests.
- Testing and fixing application bugs before final release.
- Publishing application on App Store.
- Maintaining the code and atomization of the application.
- Designing and implementing application updates.

Required Skills

- Proven experience as an app developer, 1-3 years' experience in a similar position.
- Bachelor's degree in Computer Science or Software Engineering.
- Proficient in Swift, and Cocoa Touch.
- Experience with iOS Frameworks such as Core Data and Core Animation.
- Good understanding of stack from UI to back-end, including web services and server-side integration through REST and JSON.
- Familiarity with version control systems (Git preferred).

- Test Driven Development mindset.
- Previous experience with agile methodologies.
- Excellent analytical skills and proactive attitude.
- Fluent in English, with excellent written and spoken communication skills.

What we offer

- A full-time, permanent position in our offices at Esplugues de Llobregat.
- Possibility of flexible working hours and remote work.
- A gross remuneration adjusted to the experience of the candidate.
- A challenging and motivating project with a talented team and high growth possibilities.

If you are interested, please apply through the following link: <https://n9.cl/vw6z0> with your updated CV.

Deadline for applications: 31th December 2020
