

In vitro Diagnostics (IVD) Immunoassay R&D Scientist

Pragmatic Diagnostics S.L. (PDX, www.pragmaticdiagnostics.com), a company dedicated to the R&D of new immunoassay-based reagents and/or technologies in the field of IVD, and currently based in the Parc de Recerca UAB (PRUAB) in Barcelona, is looking for an enthusiastic and talented IVD R&D Scientist.

We develop immunoreagents for many international companies, and we are also actively involved in the generation and commercialization of new technologies within the IVD field.

We are open to hear from candidates with different levels of experience in the field of immunoassay development.

The company is offering a competitive salary and benefits package according to experience.

Job Description

Incoming fellowship modality from the TECNIOspring INDUSTRY international mobility fellowship programme:
<http://catalonia.com/innovate-in-catalonia/tecniospringplus/tecniospringcall.jsp>

Requirements

Candidates must hold a PhD and four additional years of full-time research experience; or, alternatively, have at least six years of full-time research experience after obtaining the degree which would formally entitle them to embark on a doctorate.

The call is open to all nationalities but the researcher must not have resided or carried out her/his main activity (work, studies) in Spain for more than 12 months in the 3 years immediately prior to the deadline for the submissions of applications (November 16th 2020).

Qualifications/Skills

Biochemistry/Biology/Chemistry or similar degree, preferable PhD in IVD related subjects.

Experience and/or knowledge in immunoassay development is required.

Experience in developing Clinical Chemistry reagents based on microparticles (such as latex, gold or magnetic particles) for the detection of proteins and/or small molecules will be valued.

Experience working under ISO 9001, ISO 13485 and GLPs. Knowledge of FDA regulation and R&D lab experience in the IVD industry is a plus.

Other skills

Proactive, team player and leadership skills. Ability to communicate in English with clients, technical resources and management. Fluent in Spanish and/or Catalan will be valued.

If you are interested in our proposal, please send your CV and motivation letter to jobs@pragmaticdiagnostics.com no later than Friday 16th October 2020.
