

Tobacco Control Unit (UCT) at the Catalan Institute of Oncology offers two PhD (pre-doctoral) fellow positions

Tobacco Control Unit (UCT) at the Catalan Institute of Oncology offers two PhD (pre-doctoral) fellow positions under the *H2020 (Marie Skłodowska-Curie Actions) – “LaCaixa”* doctoral fellowship programme INPhINIT. This program is devoted to attracting international Early-Stage Researchers to the top Spanish research centres in the Health Sciences and other areas. INPhINIT aims at supporting the best scientific talent and foster innovative and high-quality research in Spain by recruiting outstanding international students, offering them an attractive and competitive environment for conducting research of excellence. To find more details about the fellowship programme, please check the following link: www.inphinitlacaixa.org

The offered positions will be related to the research activities under one of the two on-going European Projects:

TackSHS: Tackling secondhand tobacco smoke and e-cigarette emissions: exposure assessment, novel interventions, impact on lung diseases and economic burden in diverse European populations.
