- A relevant graduate or postgraduate degree is essential.
- At least 2 years of relevant experience in financial management accountability.
- Advanced verbal and written proficiency in English, Spanish and Catalan is essential.
- Experience with financial rounds and dealing with national and international investors.
- Alignment with the company values.
- Experience working in a start-up and/or the biomed-IT sector will be highly valued.

MAIN RESPONSIBILITIES:

- Manage budgeting and planning process, especially for financial plans.
- Participation in strategic and business planning processes.
- Financial project reporting.
- Accounting, finance control and treasury management.
- Contact and present the company to investors.

WE OFFER:

- Part time position (20 hours/week) with full time prospectation.
- Indefinite contract with a probation period.
- Flexible working conditions.
- Personal development plan.
- Extraordinary location in our headquarters in Barcelona.
