

## “Lab technician - cell-based modelling and diabetes” *Centre for Genomic Regulation (CRG)*

### The Institute

The Centre for Genomic Regulation (CRG) is an international biomedical research institute of excellence, based in Barcelona, Spain, with more than 400 scientists from 44 countries. The CRG shares principles of an interdisciplinary, motivated and creative scientific team that is supported by high-end and innovative technologies and a flexible and efficient administration.

CRG has been conferred with a badge of ‘HR Excellence in Research’ by the European Commission, in recognition to its progress in implementing the European Charter for Researchers and the Code of Conduct for Recruitment of Researchers, that among others consists of transparent, merit-based recruitment procedures and attractive work-life balance working conditions.

For further information: [www.crg.eu](http://www.crg.eu)

### The role

Lab technician - cell-based modelling and diabetes

### About the team/ lab/ department

The regulatory genomics and diabetes group studies genome regulation in pancreatic beta cells, and tries to understand the role of gene networks in differentiation and disease mechanisms. It is a multidisciplinary team that combines approaches such as genome engineering in model systems, single cell genomics, computational regulatory genomics and human genetics. It is funded by ERC, CIBERDEM, Fundacio Marato TV3, Horizon 2020 and Ministerio de Ciencia, Innovacion y Universidades. The post itself is intended to work on a project funded by an Advanced ERC award for the next five years. The successful applicant will join a team of lab members working on cell-based modelling of genetic mechanisms relevant to diabetes treatment.

### Whom would we like to hire?

- You have experience in mammalian cell culture
- You have skills in molecular biology techniques

### Desirable but not required

- You have experience in stem cell culture

### The Offer

- **Contract duration:** 1 year contract,
- **Estimated annual gross salary:** Salary is commensurate with qualifications and consistent with our pay scales.
- **Target start date:** March 1, 2019

We provide a highly stimulating environment with state-of-the-art infrastructures, and unique professional career development opportunities.

We offer and promote a diverse and inclusive environment and welcomes applicants regardless of age, disability, gender, nationality, race, religion or sexual orientation.

The CRG is committed to reconcile a work and family life of its employees and are offering extended vacation period and the possibility to benefit from flexible working hours.

### Application Procedure

All applications must include:

1. A motivation letter addressed to Dr. Jorge Ferrer.
2. A complete CV including contact details.
3. Contact details of two referees.

All applications must be addressed to Dr. Jorge Ferrer and be submitted online on the CRG Career site - <http://www.crg.eu/en/content/careers/job-opportunities>

**Deadline:** Please submit your application by 3<sup>rd</sup> of February, 2019
