

JOB OPENING AT IRB BARCELONA

Postdoctoral Fellow in Targeted Protein Degradation (ref. PD/22/40)

Created in 2005 by the Generalitat de Catalunya (Government of Catalonia) and the University of Barcelona, IRB Barcelona is a Severo Ochoa Centre of Excellence—a seal that was awarded in 2011.

The institute is devoted to conducting research of excellence in biomedicine and to transferring results to clinical practice, thus improving people's quality of life, while simultaneously promoting the training of outstanding researchers, technology transfer, and public communication of science. Its 28 laboratories and seven core facilities address basic questions in biology and are orientated to diseases such as cancer, metastasis, Alzheimer's, diabetes, and rare conditions.

IRB Barcelona is an international centre that hosts 400 members and 30 nationalities. It is located in the Barcelona Science Park. IRB Barcelona forms part of the Barcelona Institute of Science and Technology (BIST) and the "Xarxa de Centres de Recerca de Catalunya" (CERCA).

IRB Barcelona is seeking a Postdoctoral Fellow with expertise in cellular and molecular biology who wants to develop and apply cutting-edge technology in the growing field of targeted protein degradation. Our lab pursues highly multidisciplinary and collaborative research at the interface of molecular biology, functional genetics, medicinal chemistry and bioinformatics. The postdoctoral candidate should have a proactive mindset, be able to work in a molecular/cell biology lab and be willing to collaborate with colleagues from the pharmaceutical industry. Experience in cell-based assays is required. The postdoc will champion an ambitious drug discovery project in collaboration with the pharma sector.

DUTIES

- Conduct independent research in chemical biology/targeted protein degradation.
- Cell engineering, screen optimization.
- Report writing.

EXPERIENCE, KNOWLEDGE, SKILLS & SELECTION CRITERIA

Must Have - Required

- **Experience:**
 - PhD in molecular biology/bioscience/chemical biology or similar.
 - Experience in data analysis and reporting of results.
 - Experience in a competitive research environment.
- **Knowledge:**
 - Molecular biology, cell biology, functional genomics, CRISPR/Cas9.
 - Chemical biology background is a plus.
- **Skills:**
 - Ability to work in a team and pursue goals in a focused way.
 - Excellent written/oral communication skills in English.
 - Required are scientific quality and a collaborative and interdisciplinary mindset.
 -

IRB BARCELONA endorses the Requirements and Principles of the *European Charter for Researchers*, the *Code of Conduct for the Recruitment of Researchers*, and Open, Transparent, Merit-based recruitment promoted by the European Commission and follows Equal Opportunities policies.

On 9th December, 2014, IRB Barcelona was awarded the "HR Excellence in Research" logo. This recognition reflects the commitment of the Institute to the continuous improvement of its human resources policies in line with the *Charter & Code*. The Institute works to ensure fair and transparent recruitment and appraisal procedures.

Desirable

- **Experience:**
 - Previous experience working with pharma.
 - Drug and genetic screens.
 - Proteomics.
 - Biochemistry/structural biology.
- **Knowledge:** Targeted protein degradation, PROTACs/molecular glues, chemistry background is a plus.

WORKING CONDITIONS & ENTITLEMENTS

- **Working conditions:** Employed in compliance with Spanish legislation and regulations under a full-time contract. Employees receive the benefits of the Spanish Social Security system covering sickness, maternity/paternity leaves and injuries at work.
- **Training and Career:** Postdoctoral researchers joining IRB Barcelona gain access to the Institute's advanced research training and career development opportunities, all within in a competitive international environment. Courses and workshops on themes of particular interest to postdocs are offered regularly by the Institute.
- **International environment:** Nearly 90 Postdoctoral researchers (more than a half non-Spanish nationals) are currently working at IRB Barcelona.

HOW TO APPLY & SELECTION PROCESS

Applications for the above opening should include a motivation letter explaining why you are the ideal candidate for this position, your curriculum vitae and contact details of 2-3 referees, and should be sent by e-mail to: irbjobs@irbbarcelona.org with the Reference: **PD/22/40**

- **Deadline for applications:** 31/03/2023
If no suitable candidate is found, the deadline will be extended.
- **Number of positions available:** 1
- **Selection process:**
 - **Pre-selection:** Will be based on CV, motivation letter, experience, management of research and innovation.
 - **Interviews:** Short-listed candidates will be interviewed.
 - **Job offer:** Will be sent to the successful candidate after the interview.

For more information please visit our website at: www.irbbarcelona.org

Note: The strengths and weaknesses of the applications will be provided upon request.
