

# JOB-PROFILE FORM

## **IDIBELL offers a PhD student position in Aging and Cancer Group within Cancer Epigenetics and Biology Program- PEBC/IDIBELL**

IDIBELL is a research center that integrates the biomedical research of the Bellvitge University Hospital (HUB), the Catalan Institute of Oncology (ICO), and the University of Barcelona in the Bellvitge Campus (UB) and the Viladecans Hospital (HV), located in south Barcelona.

The research focuses of IDIBELL are cancer, neuroscience and translational medicine; research, innovation and society are the pivots on which researchers work every day in order to improve the quality of life of citizens.

IDIBELL is located in L'Hospitalet de Llobregat, south of Barcelona. It is a member of the Campus of International Excellence of the University of Barcelona HUBc and part of the CERCA institution of the Generalitat of Catalonia. In 2009, it became one of the first five Spanish research centers accredited as a health research institute by the Carlos III Institute of Health. More recently, the European Commission has recognized IDIBELL with the HRS4R logo (Excellence in Human Resources in Research), which identifies IDIBELL as a provider and supporter of a stimulating research work environment.

### **Main Duties**

The Aging and Cancer group is seeking for graduated students with a good academic record and an interest in cancer and stem cells biology, who wish to develop their PhD in a scientific stimulating environment. The primary goal of our group is to study the mechanisms involved in cancer cell plasticity in tumor progression and therapy response. In these studies we will use multidisciplinary approaches, including mouse models, cell cultures, flow cytometry and molecular and cellular biology techniques.

### **Requirements**

- Bachelor and Master Degree in life science (Biology, Biochemistry, Biomedicine, Biotechnology or related disciplines) and a good academic record (higher than 8/10).
- Knowledge in cancer cell biology, immunology, molecular and cellular biology, cell culture, mouse handling and histology will be valued.
- Accredited certificate for the use of laboratory animals for research purposes.
- Advanced English level.

### **We offer**

- Type of contract: PhD contract following Spanish Science Law
- Starting date: June 2019

HR EXCELLENCE IN RESEARCH
