INTERNATIONAL  
POSTDOCTORAL  
PROGRAMME

Institut de Recerca Biomèdica

## POSTDOCTORAL POSITIONS

### (IRB Lleida – International Postdoctoral Programme)

The Biomedical Research Institute of Lleida (IRB Lleida) is offering **5 two-year postdoctoral positions** in the context of the 3<sup>rd</sup> Call for applications of its International Postdoctoral Programme (Call identifier: **IRBL-IPP-2016**). This programme is actively and internationally promoted, as well as opened to worldwide researchers in an equal opportunity basis.

IRB Lleida hosts about 300 researchers, including professionals involved also in clinical assistance and/or in expert teaching in Medicine, Nursing, Biomedicine, Biotechnology and Human Nutrition & Dietetics at the University of Lleida.

We are looking for highly talented and motivated experienced researchers willing to develop their research career at the Institute. Postdoctoral researchers will have the opportunity to develop an individual research project in a stimulating and multidisciplinary scientific environment under the supervision and mentoring of the following group leaders:

Nr	Research Area Opening	Mentor / Supervisor
1	<b>Cardiovascular Disease</b>	Dr. José Manuel Valdivielso
2	<b>Autoimmune Diabetes</b>	Dra. Conxi Mora
3	<b>Stroke Biomarkers</b>	Dr. Francesc Purroy
4	<b>Autophagy and Cancer</b>	Dr. Judith Herreros & Dr. Carles Cantí
5	<b>Development and Neurobiology</b>	Dr. Joaquim Egea
6	<b>Friedrich Ataxia and Oxidative Stress</b>	Dr. Joaquim Ros
7	<b>Nursing and Physiotherapy</b>	Dra. Montserrat Gea
8	<b>Ageing-related Neurodegeneration</b>	Dr. Manel Portero Otin
9	<b>Cancer Biology</b>	Dr. Xavier Dolcet

IRB Lleida strongly encourages candidates to discuss with the Mentor/Supervisor of the selected Research Area Opening the research project to be developed.

**The start of the fellowships is expected for November 2016.** The total amount per fellowship is 40,000€ (cost to the company included). Fellows joining IRB Lleida under this programme will have a two year employment contract, perceiving a gross salary of 30,280€/year and full security coverage (health and accident insurance, pension and unemployment benefits), a travel allowance of 1,100€/year, and will be assigned 9,600€/year as contribution to research costs. They will also be provided with a complementary training programme to gain and develop non-scientific skills useful for the fellow's career development.

Further information about this call and online application are available at: [www.irblleida-ipp.com](http://www.irblleida-ipp.com).
