

PRE-DOCTORAL POSITION IN BIOMEDICINE

We are currently offering a predoctoral position in the Cardiovascular Program to join the research Group lead by Prof. Lina Badimon in the Institut de Recerca de l'Hospital de Sant Pau Sant Pau in Barcelona. The group, made of scientists with a multidisciplinary background, focuses on the understanding of vascular and heart disease with a basic and applied research approach.

The student will work in a project aimed to investigate the effects of nutritional interventions at cellular and molecular level in the cardiovascular and cardiac field. The candidate will use state-of-art molecular, cell and systems biology techniques.

Candidates must have a University Degree in related biomedical sciences, an academic record above 2.0 (scale 1-4), and solid communication skills in English.

Qualified applicants should respond by emailing a letter of interest, CV, and two reference names to Dr. Maria Borrell (mborrellpa@santpau.cat)

Evaluation of applications will begin immediately and continue until the position is filled.
