

BIOMEDICAL SCIENCE FOR THE BENEFIT OF SOCIETY

“Senior Lab Technician” *Centre for Genomic Regulation (CRG)*

The Institute

The Centre for Genomic Regulation (CRG) is an international biomedical research institute of excellence, based in Barcelona, Spain, with more than 400 scientists from 44 countries. The CRG shares principles of an interdisciplinary, motivated and creative scientific team that is supported by high-end and innovative technologies and a flexible and efficient administration.

In November 2013, the Centre for Genomic Regulation (CRG) received the '[HR Excellence in Research](#)' logo from the European Commission. This is a recognition of the Institute's commitment to developing an HR Strategy for Researchers, designed to bring the practices and procedures in line with the principles of the [European Charter for Researchers](#) and the [Code of Conduct for the Recruitment of Researchers](#) (Charter and Code).

[Please, check out our Recruitment Policy](#)

The role

We are seeking for an experienced lab technician or lab manager to support the development of the group projects and help in the lab organization

About the team/ lab/ department

The lab is focused on understanding the role of chromatin-bound metabolic enzymes in epigenetic regulation during aggressive cancer development and progression.
