

## **Project leader for therapeutic monoclonal antibody development**

Senolytic Therapeutics is a new biotech startup located in Barcelona, Spain. We are currently looking for a full-time project leader to join our R and D team to guide the development of a therapeutic monoclonal antibody. Candidate should hold a Ph.D. and have previous industry experience in the field of therapeutic antibody development through the manufacturing and IMPD-enabling studies phase. Specific experience in the field of immune-oncology is a plus. Opportunities to participate in other projects within the company will also be available. Position opening in May 2019. If you are interested please send your CV to Tim Cash [tim.cash@senolytx.com](mailto:tim.cash@senolytx.com) for more details.
